

(A) Belief

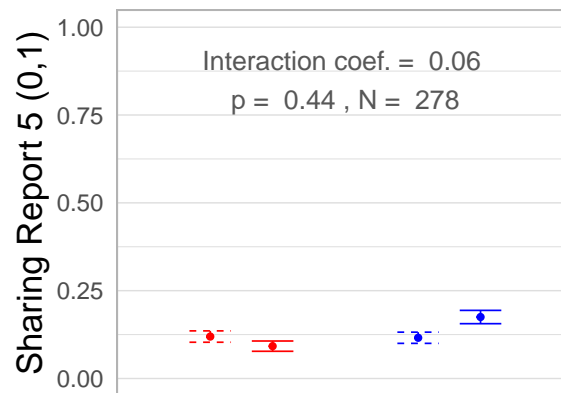

(B) Sharing intention Email

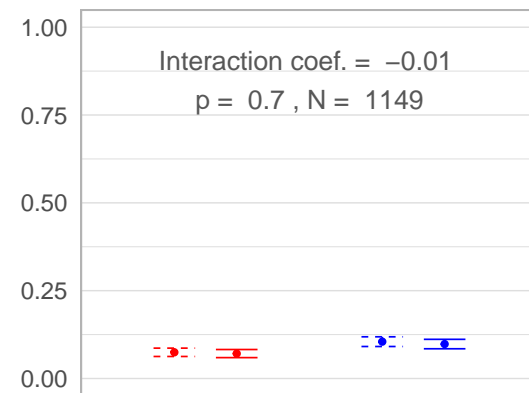

(C) Sharing intention Facebook

(D) Sharing intention Twitter

(E) Sharing intention Whatsapp

Source treatment: —●— Nachrichten 360 (F) —●— Tagesschau (R) Congruence treatment: - - Incongruent — Congruent

Note: Plots show point estimates and 95% confidence intervals for average belief, and sharing intentions, per source by congruence treatment group.

OLS coefficients and p-values for the interaction between the two treatments listed in the top part of the plots.
